Hi Malcolm and Ruth,

It's now time for me to renew my registration for the third year. I originally joined Happy House Sitters when suggested by a friend after my divorce as a short term accommodation provider. However, I have found the experience so rewarding that I now consider myself a fulltime permanent house sitter. Travelling from house to house you get to meet interesting and different people and their pets. The site works perfectly and I find most of my clients retain my services for additional housesits. The flexibility of the site also allows me to travel up and down the east coast of Australia which fits in well with my contract type work. Whenever the website has required intervention your service has always been prompt and courteous. Thanks for your wonderful service and I look forward to our continued positive working relationship.

Stephen, Current House Sit, Sydney NSW 3 June 2011

Hi

I'm writing to you to get some feedback on your house sitting experiences. Would you like to write a few sentences or so about the sits you have had through Happy House Sitters? Have you saved some money?

Have you had an unusual experience? Have you cared for some unusual or especially wonderful animals? Have you made friends with the home owner?

We would love to hear about your experiences (positive and negative, so we can make improvements where necessary).

Some stories may be put them on the site for others to read. Any identifying information will be deleted.

Looking forward to hearing from you. Please send your story via return email.

Kind Regards
